

**Vladimir Liberzon, PMP®**

General Manager of Spider Project Team

Vladimir has an experience of managing projects and consulting project management teams in aerospace, construction, energy, oil&gas, telecommunications, shipbuilding, retail, manufacturing, software development and other application areas. His consulting services include organizational development, implementation of the corporate project management systems, planning, scheduling, budgeting, project control, contract management, human resources management and motivation, and other areas associated with proper management of projects, programs, and project portfolios. In 1997 Vladimir founded Moscow Chapter of Project Management Institute – first Russian PMI Chapter that today has branches in many Russian cities.

His company Spider Project Team (SPT) is the leading Russian consulting company in the project management area. Spider Project software developed by SPT is the most powerful and functional PM tool that today is used in 34 countries. In Russia Spider Project was and is used by most construction companies and in most large scale programs like preparation of 2014 Winter Olympic Games.

Vladimir is an author of 4 books and more than 150 papers on Project Management.

Since 1994 Vladimir speaks at the PMI and IPMA congresses and conferences. Since 2000 he was invited as the guest speaker at various PM conferences in Belarus, Brazil, Malaysia, Portugal, Romania, Singapore, UK, Ukraine and USA.

**Victoria Shavyrina, PMP®**
