

## **Bridget Fleming, PMP, PMI-SP, MCP**

Bridget has worked in project management and scheduling for over 30 years, with Microsoft Project for over 20 years and with Project Server/Project Online for over 15 years. As the founder of PMM, a project management training and consulting company focusing on the Microsoft PPM suite, she has provided implementation support, process definition, user support and training development and delivery.

Bridget ran a Microsoft Project helpdesk for 15 years that provided support for a Fortune 100 client with over 500 users. She has trained thousands of users in Microsoft Project, Project Server and Project Online. Bridget is currently serving as the Chair of the international team developing the ***PMI Practice Standard for Scheduling - Third Edition***, and was a core team member for the development of the ***PMI Practice Standard for Scheduling - Second Edition***.

PMM has released a combination e-learning/e-book system called ***Project e-cademy*** which teaches you the “**WHY**” along with the “**HOW**” to provide best practices for building and managing schedules in Microsoft Project and Project Online. It includes:

- 300+ pages of content focusing on implementing scheduling best practices.
- Videos demonstrating key topics and efficient techniques.
- Hands-on exercises to reinforce learning and practical experience.
- Best practices handouts for use as handy reference guides.
- Search capability for any topic that you want to review.
- Aligned with the latest industry standards from the Project Management Institute (PMI®). Claim up to 18 technical PDUs upon completion.

For more information on ***Project e-cademy***, see [www.p-m-m.com](http://www.p-m-m.com).
